A Guideline for Grievance Redress Mechanism (GRM)

Karfok Bidya Mandir Multiple Campus Suryodaya-12, Karfok, Ilam Nepal

1. Introduction

Karfok Bidya Mandir Multiple Ampus (KMC) is a community-based campus situated in the eastern part of Ilam district in province No.1. It is established in 2059 B.S with the affiliation of Purbanchal University. It is initiated with the help of educationists, intellectuals, social workers and other concerned ones. It is going ahead facing many difficulties and challenges but with the support of U.G.C, local government, provincial government and central government, it has solved these difficulties and established as a hub in eastern part of Ilam district. In this campus, three faculties have been running (B.Ed., B.A and B.B.S) and two new programmes VIZ BBA and One Year B.Ed are going to be launched from this year(2079). It is in the pipeline of enrichment regarding overall development of campus; educational physical, Social and so on.

For collecting valuable feedback, queries and grievance from the clients and its stakeholders, a Grievance Redress Cell has been formed as per Campus Bidhan. In this sense, KMC is open for further enrichment for its services taking grievance as an important input. This guideline will be enacted in operation after approval from the campus management committee. The prime task of the Grievance Redress Cell is to develop a reliable system for conscious, consistent and catalytic improvement of the campus taking inputs form the grievance box and ensure its clients and stakeholders that KMC is transparent and functional in all its spheres of works. The guidelines provided in the following section will guide and facilitate the institution in the creation and operation of the Grievance Redress Mechanism (GRM).

Coverage

The fact that desires for the best services among the clients from the institution they are involved in is a common phenomenon. However, human activities are not always perfect. They are in the process of improvement. Realizing the quality consciousness as a crucial factor for well acceleration of overall aspects of the campus, the need of mechanism to build and ensure a system that takes people's reactions, queries, and complaints at the institution level has become indispensable. For this, Grievance Redress Mechanism has been established with appropriate structure and process and enough flexibility to address the diverse queries and needs of the stakeholders.

The GRM of this campus channelizes and systematizes the efforts and measures of the campus towards satisfying its service seekers through its plans, policies, programmes and activities being based on their demands. It has been a facilitative and participative organ of the institution. It works as a dependable and innovative source of inputs for ushering in quality by working out intervention strategies to

remove deficiencies of KMC.

- 1.1This guideline is referred to as the Grieven Mechanism (GRM) guidelines -2079.
- 1.2 The term campus is referred to Karfok Bidya Mandir Multiple Campus.
- 1.3 GRM stands for the Grievance Redress Mechanism of the campus.

2. The GRM Structure

The GRM has been constituted under the co-ordination of Assistant Campus Chief. He/ She is assisted by faculty members. GRM works as a supportive wing of campus administration aiding in overcoming its weaknesses.

3. Composition of GRM

The GRM have the following composition:

- i. Khagendra Pradhan , Assistant Campus Chief Coordinator
- ii. Bandana Khatiwada, Lecturer- Member
- iii. Ful Maya Tamang, Lecturer- Member

The GRM should meet at least once a month. The quorum for the meeting shall be two-third of the total number of members. The agenda, minutes and action-taken-reports are to be documented with official signatures and maintained electronically ina retrievable format.

4. Goals

- To establish a dependable measure to receive and address the queries and complaints dispensed by the visitors and clients.
- 2. To promote measures for adopting best practices in the campus as recommended by the grievance providers.
- To develop a sense of responsibility and accountability on the part of campus administration.
- 4. Ultimately, to encourage a quality system for conscious, consistent and catalytic programmed action to improve the academic and administrative performance of the College

5. Functions

- Management of a grievance box in an accessible place in the camp
- Collection and documentation of complaints, queries, recommendation and suggestions provided by grievance providers and stakeholders.
- Reporting, discussing up on the collected inputs and helping campus administration for effectively addressing them for regular enhancement of the academic and administrative excellence of the campus.
- Organizing multilateral discussions of the stakeholders for resolving significant issues raised and finding unanimous decisions for them.
- Encouraging campus administration for transparency and client-oriented service dissemination.
- Forming a culture of taking an institutional accountability and striving for positively responding to the response seekers.
- Arrangement for feedback responses from students, parents and other stakeholders in institutional processes;

6. Benefits of GRM

- a) Build an organized system of documentation of feedback given by grievance suppliers and enhance internal communication for effective academic and administrative services.
- Ensure heightened level of clarity, transparency and accountability among all wings of the campus.
- c) Ensure regular improvement of the services dispensed to the clients.
- d) Benchmark good practices for resolving issues raised by people.
- e) Provide a sound basis for decision-making to improve institutional functioning.
- f) Act as a prompting body for timely amendments of plans, policies and programmes of the campus.

7. Duties and Responsibilities GRM Coordinator

The role of the coordinator of the GRM is crucial in ensuring the effective functioning of all the members. The duties and responsibilities of GRM coordinator are as follows:

- Mobilize the grievance redress team effectively for the mangagement of the grievance box.
- Build an organized system of documentation of feedback given by grievance suppliers and enhance internal communication for effective academic and administrative services.

131

- Develop a system of calling meetings at frequent intervals to discuss and decide upon the significant issues collected.
- Document and report the decisions to the concerned authorities and clients.
- Review the implementation of the decided action plans. Provide necessary feedback.

Meetings and Reporting

- 8.1 The GRM has to conduct at least one meeting in every month and report the collected inputs to the concerned authority.
- 8.2. The mechanism needs to submit the annual report to the CMC.

Preface

Higher Education in Nepal aims to produce skillful healthy citizens familiar with national customs, culture, social heritage and democratic values who can actively take part in the economic development of the country. So, the main aim of this level is to produce skilled manpower who can make special contribution to the country's all-round development, and at the same time, to produce conscious citizens with essential knowledge and skills. The process of developing and revising University level curricula in Nepal is being continued in line with this

In this connection, Technology has evolved with the speed of light, and its speed of advanced is reaching peak day by day with new improvements and inventions. The human based activities have been translated into computer-based activities and the phase is still on. The development of Artificial Intelligence, robotics and Nano-Technology has surpassed all the expectations on this field. And with advancement of Technology computer knowledge has been a basic skill for any type of employment activities. The study of this course will help students to maximize their knowledge to technology with basic Office skills and help them succeed in their professional life.

Furthermore, Karfok Bidya Mandir Multiple Campus has developed this course by realizing the necessity of basic level professional course for the bachelor level students apart from university curricula in order to produce emerging technological skilled graduates. The curriculum aims to help the students on basic knowledge on basic concept of computer with

practical skill.

Revising curricula is a continuous process and the role of teachers, parents and scholars is vital in making it more effective in future. Therefore, the Karfok Bidya Mandir Multiple Campus always anticipates constructive suggestions from all the persons concerned.

LEARNING FACILITATION PROCESS

This course aims to blend both theoretical and practical aspects of knowledge and skills required in the subject. So, its facilitation process differs from the traditional method of delivery. The practical aspect is much more focused. So, methods and strategies that enable the practical skills in the students are much used in course of content facilitation. A facilitator encourages and assists students to learn for themselves engaging in different activities with practical tasks. To achieve the entire objectives from this syllabus, the teacher must use different techniques and process while teaching. In particular, the teacher can make use of the following methods and strategies for the learning facilitation:

- Practical/application/experimental methods
- · Laboratory based practical works
- Lecture
- Interaction
- Question answer
- Demonstrations
- · Online based instructions
- · Cooperative learning
- Project work methods (Research work i.e. survey and mini research, innovative work or experiential learning, connection to theory and application)

STUDENT EVALUATION

Evaluation is an integral part of learning process. Both formative and summative modes of evaluation are emphasized. Formative evaluation will be conducted so as to provide regular feedback for students, teachers and parents/guardians about how student learning is. Class tests, unit tests, oral question-answer, home assignment etc, are some ways of formative evaluation.

There will be separate evaluation of theoretical and practical learning. Summative evaluation embraces theoretical examination, practical examination and evaluation of research work or innovative work.

(a) Internal Evaluation

Internal evaluation covers 50 Percent weightage. Internal evaluation consists of Practical Activities (Practical works and projects works) (35 Percent),

Julini, for amy

- (b) Marks from internal examinations (10 Percent), and
- (c) Classroom participation (5 Percent).

Practical work should be based on the activities mentioned in this curriculum. Project works should be based on the mentioned lists or created by teachers. Mark distribution for internal evaluation (practical work and project work) will be as follows:

S.N.	Mani activities	Activities in detail	Percent
1	Participation	Participation in attendance, homework, classwork, project work, practical works etc.	5
2	Practical work	Conduction of practical work activities	15
		Record keeping of practical work activities	3
3	Project work	Conduction of project work activities	10
		Record keeping of project work activities	2
4	Viva	Viva of practical work and project work activities	5
5	Internal exam	Internal Tests	10
Total			

Note:

(i) Practical examination will be conducted in the presence of internal and external supervisors. Evaluation of experiment will focus both the product of work and skills competencies of student in using apparatus.

(ii) Project work assessment is the internal assessment of reports and presentation of their project works either individually or group basis. In case of group presentation, everymember of the group should submit a short reflection on the presented report in their own language. Records of project works must be attested by external supervisor.

(a) External Evaluation

External evaluation of the students will be based on the written examination. It carries 50 percent of the total weightage. Questions for the external examination will be based on the specification grid given below. Examination question paper will be developed using various levels of revised Bloom's taxonomy including remembering level, understanding level, application level and higher ability (analyzing, evaluating, creating).

A Brief Report of
Workshop cum Training Program
on
Innovative Pedagogy and Changing Curricula

Conducted on 4th and 5th April 2024 at
Karfork Vidya Mandir Multiple Campus, Ilam

KarfoK Bidya Mandir Multiple Campus Suryodaya-12, Karfok, Ilam

A. Introduction of the Program

Karfok Bidya Mandir Multiple Campus is situated in the Eastern part of flam district, Suryodaya Municipality-12 at the altitude of 1,700 mtr above the sea level along the Mechi Highway. It is about 15 km away from the eastern border. It is 40 km eastward from district headquarters and 45 km from Mahendra Highway.

KMC is affiliated to the Purbanchal university with the streams of Humanities, Management and Education. It is autonomous in respect to control and management. It has separate Campus Management Committee and administration. The institution is equipped with Library, E-Library and computer classes, internet service and experienced faculties. The campus has its own building, playground and beautiful Pine Green-forest. It has high potentialities of bio-diversity. KMC visons to be the centre of academic excellence to ensure quality education. Further, it aims to impart qualitative, skillful and life-coping education and to develop globally competent graduates so as to fulfill the demand of the present world. KMC has got an opportunity to participate in the Quality Assurance and Accreditation (QAA) process as summoned by University Grants Commission Nepal. Through this, campus will endeavor to improve its educational quality and strengthen institutional capability. Currently, KMC has launched BBA and One year B. Ed. programmes to cater for the needs of local contexts.

KMC is striving hard to impart quality education to its students. As an important educational hub of Ilam, it has been a popular academic destination for 10+2 graduates. The courses offerd here are prescribed by the Purbanchal University. In all the streams, research is focused as an attempt to make teaching and learning innovative. In the same respect, schools in Nepal demand quilified, skilled and dedicated young teachers to get enrolled. Hence, innovative pedagogy has been the call of the day at present to overcome the challenges realized in educational sector.

Background Of the Program

A two day workshop cum training program on Innovative Pedagogy and Changing Curricula was held in the campus 4th and 5th April 2024. This program was organized by the campus. Recent trends and concepts of innovative pedagogy and changing curricula have been disscussed and practised during the days. All the faculties from the KMC were benefited from the program. It encouraged faculties to demonstrate their ability to understand how to start future scholarly works, find an answer to a question scientifically, relate what has been learned, receive critical peer feedback, and learn more strategically and effectively.

Objectives of the Program

The program had the following objectives:

- > to impart practical knowledge on changing curricula of B Ed
- > to promote research based innovative teaching learning culture.

Methodology

KMC announced a public notice as a call for the participation in the training. All faculties of KMC has taken part as participants. The total number of the participants were 24. The total training hours of two days was 12 hours. As a rule, each sessions was run as per the trends of training held in Nepal. Experts were provided with sound lodging and fooding during the training. All the participants were provided with lunch, refreshment and honored with certificates upon completion.

Day wise activities

The programme was conducted for two days within the timeframe of 10:00 am to 4:30 pm. Each day was divided into three sessions. Each sessions had an hour and a half ranging from introductory session to reflection session. The first day started with inauguration program at 9:30 am and the program was held in the auditorium hall of KMC. The daywise activities in detail are mentioned as follows:

Date	Time	Program	Venue	Remarks
4th April ,2024	9:30-10:00	Inauguration	Auditorium Hall of KMC	
	10:00-4:30	Training	Auditorium Hall of KMC	
5th April, 2024	10:00-4:30	Training	Auditorium Hall of KMC	
	4:30- 5:00	Closing	Auditorium Hall of KMC	

Achievement and Outcome

The program was oriented to impart practical knowledge and skills among participants about changing curriculum and innovative teaching and learning. Rest of the achievements and outcomes/are encapsulated as follows:

- > The program has provided an impressive encouragement to the faculties of KMC towards research based teaching.
- > This program has instilled KMC a sense of discovery based learning and inquisitive reading habit.
- ➤ This program has encouraged academic professionals for skill-sharing, mentoring which ultimately aids collaboration and co-ordination among teachers for their professional development.
- > This program has encouraged teachers to solve existing problemes of their institution and profession by themselves with inquiry and discovery.
- > This program has given lights the changing curriculum, evaluation system and learning facilitation process.

Conclusion and Recommendation

Change in existing curriculum and innovation in teaching is inevitable in education. In order to enhance this phenomenon, the campus cunducted a training cum workshop program for faculties of this campus. In order to draw the program to its successful conclusion, the whole responsibility has been taken by KMC and its research wing. Research Management Cell, KMC has beared the financial support too.

It is recommended that all the stakeholders should lay a helping hand to create a innovation culture in the campus. This type of packages should be designed and launched on timely basis. Similarly, trained faculties should be encouraged and invited to participate in implementing innovation in facilitating graduates. Regular funding from campus and donor agencies to organize and launch curriculum workshops skill-sharing, collaboration and professional development programmes is mendatory. These programmes are recommended to be demand-driven and based on needs of the participants. Further, faculties are to be innovative and self-reflective. It is reecommended that research-based teaching and learning should be adopted in the campus.

Acknowledgement

We express our profound gratitude to the expert of the training VIZ. Mr. Krishna Kumar Khatri, Lecturer of Tribhuwan University for providing his invaluable time and imparting skill-based inputs to our participants. Without this outstanding role the porgram would not have come to its successful conclusion. All the participants deserve our thanks for their active participation and involvement. Finally, we extend our hearty thanks to our research wing, Research Management Cell (RMC) for all the management and co-ordination of the entire training programme. We are thankful to all our staleholders who directly and indirectly supported us to make the programme successful.

Program Schedule

Feedbacks From The Participants

Overall, positive feedback from participants has been received. They have expressed their satisfaction, sense of achievement and encouragement from the participation of the program. They have been found more interested towards discovery based teaching, innovative teaching and child centered classroom activities with recent approaches, methods and techniques. Some of the responses are recorded as follows:

P1: ... it has been wounderful experience. Every professional carries out a number of research in course of his/her career. However, it is always a matter of challenge for them to reflect upon their profession and document it. This workshop has provided with a handy way to document my professional experience.

P2: ... This workshop has given me a different concept. I used to think carrying out innovation in teaching is a difficult task. Now I feel everyone of us can do it. Innovation is integrated in our proffession inseparably.

P3: ... I am pleased to participate in such a useful program. It is great opportunity for a professional like me. The one thing I recommend is the organization of same or similar programs time and again.
